

Answers to Implant Maintenance & Home-Care Challenges Revealed

SEPTEMBER 27, 2019

3 HOUR CE COURSE

A course for Dentists, Hygienists & Clinical Staff

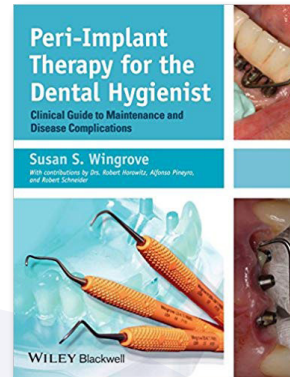

Susan Wingrove RDH, BS., is an International speaker, published author, CEO of Wingrove Dynamics, a clinical dental hygienist who also does regeneration research, and instrument design. Co-designer of the Wingrove Titanium Implant Set, ACE probes, and Queen of Hearts instruments (PDT, Inc.)

Susan is the 2016 recipient of the Sunstar/RDH Award of Distinction, is a member of the American Dental Hygienist's Association as well as, The International Federation of Dental Hygienists and Academy of Osseointegration/ Educational Committee. She is the International Master Professor for Istituto Stomatologico in Toscano, Italy, a Mentor for O'Hehir University and published author for multiple US journals, 10 being International publications. Susan has recently published her textbook; Peri-Implant Therapy for the Dental Hygienist: Clinical Guide to Maintenance and Disease Complications, (Wiley/Blackwell). Susan currently resides in Missoula MT.

Course Synopsis:

As dental professionals, we face challenges to assess, maintain and recommend home-care for dental implant patients. This course will reveal answers to the challenges of providing safe, effective implant maintenance, and peri-implantitis treatment. End the confusion with a comprehensive system for assessment, instrumentation, monitoring, and home-care recommendations based on Susan's textbook; Peri-Implant Therapy for the Dental Hygienist: Clinical Guide to Maintenance and Disease Complications.
